

BOGIE PRIVACY POLICY

For Driver Partners — bogie Driver App

This Privacy Policy explains how Aggarwal Publicity and Marketing Pvt. Ltd. ("bogie", "we", "us") collects, uses, shares and protects the personal data of Driver Partners who register on and use the bogie Driver application (the "Driver App") to provide cab, truck/goods transportation or ambulance services through the bogie platform.

This Policy is an electronic record under the Information Technology Act, 2000 and forms part of, and is to be read together with, the bogie Driver Partner Terms and Conditions. By registering on the Driver App or accepting an Order, you agree to the collection and use of your information as described here. If you do not agree, please do not register on or use the Driver App.

1. Information We Collect

Identity and KYC documents:

- Name, profile photo, mobile number and email address
- Aadhaar, PAN, driving licence, vehicle registration certificate (RC), insurance and pollution certificate, and any other documents required for onboarding and verification
- Background verification and identity-check information, which may be collected through an authorised third-party vendor on our behalf

Location:

- Location while you are online and available for Orders, and continuously during an active Order, to enable Order assignment, live tracking and safety features
- Location shared with Customers, hospitals or NGOs as necessary to fulfil an Order

Earnings and tax:

- Wallet balance, ledger entries, Driver Earnings and payout/bank account details
- PAN and TDS Declaration details, used to determine and record tax deducted at source as required by Applicable Law

Device and usage:

- Device model, OS version and app version
- App usage analytics collected via Google Firebase, to understand feature usage and app stability
- Crash logs and performance diagnostics
- Push-notification token, to send Order alerts and account notifications
- Battery-level information, read at points relevant to Order eligibility and driver availability (for example, to avoid assigning Orders to a device likely to lose power mid-trip)

Support and safety:

- Contents of in-app support chat messages, including messages processed by our AI-assisted support system to help respond to your queries

- Information generated when you use the SOS/emergency alert feature, including your live location at the time of the alert
- Photos captured through the Driver App where requested (for example, consignment photos or a selfie for identity confirmation)

2. How We Use Your Information

- Verify your identity, documents and eligibility to operate on the bogie platform
- Assign you Orders and enable navigation, live tracking and Order completion
- Calculate Driver Earnings, maintain your Wallet/ledger, and process payouts
- Deduct and record TDS in accordance with the TDS Declaration you provide and Applicable Law
- Share your name, phone number, vehicle details and photo with Customers during an active Order, so they can identify you
- Provide safety features, including SOS alerts and sharing your location with bogie support and, where relevant, emergency services
- Route and respond to your queries through in-app support chat, including AI-assisted responses
- Improve app performance, fix bugs and develop new features
- Detect and prevent fraud, including misuse of incentives, multiple accounts or document tampering
- Comply with Applicable Law, including the Motor Vehicles Act, GST law and requests from courts, police or regulatory authorities

3. Location Data

- Collected while you are online in the Driver App and continuously during an active Order, as required under the Driver Partner Terms and Conditions
- Shared with the Customer during an active Order, and processed through our maps and navigation provider (Ola Maps) for routing and ETAs
- Keeping location/GPS services enabled is required to accept and perform Orders; disabling it may prevent Order allocation

4. How We Share Your Information

4.1 With Customers: your name, phone number (masked where applicable), vehicle details and photo are shared with the Customer for an Order so they can identify you and coordinate pickup/drop.

4.2 With service providers: we share data with vendors who support our operations, such as cloud hosting providers, Ola Maps (routing and navigation), Google Firebase (analytics, crash reporting and push notifications), payment/payout processing partners, background-verification vendors, and AI-assisted support-chat providers. These providers may access only the data needed to perform their function for bogie.

4.3 With authorities: we may disclose information to government, regulatory, tax or law-enforcement bodies where required under Applicable Law (including for TDS/GST compliance, RTO checks or police inquiries), or in good faith to prevent fraud or protect safety.

4.4 We do not sell your personal data to advertisers or other third parties.

5. Permissions Used by the App

- Location — to receive and perform Orders, enable live tracking and navigation
- Camera — to capture consignment photos, a verification selfie, or document images where requested
- Contacts — accessed only if you choose to share a specific number for referrals; we do not upload your full contact list
- Microphone — for in-app voice/support features, where used
- Notifications — to deliver Order alerts, wallet updates and safety alerts
- Background/battery status — to determine Order eligibility and maintain reliable tracking while online

6. Data Retention

- Account and document data is retained while your account is active and as required under the Motor Vehicles Act and related regulations
- Earnings, Wallet and ledger records are retained for the period required for tax and accounting compliance
- KYC documents are retained as required for regulatory and safety purposes, even after account closure, where legally necessary
- On account deletion, personal data is removed within a reasonable period, except where retention is required for legal, safety, tax or fraud-prevention purposes

7. Data Security

- KYC and identity documents are encrypted at rest
- Data in transit is protected using industry-standard encryption (TLS)
- Passwords are stored as salted hashes, never in plain text
- Bank/payout details are stored using bank-grade encryption
- Access to personal data is restricted to authorised personnel on a need-to-know basis

8. Your Rights (Digital Personal Data Protection Act, 2023)

- Right to access the personal data we hold about you
- Right to correct inaccurate or incomplete data
- Right to request erasure of your data, subject to legal and regulatory retention requirements
- Right to know how your data is being processed
- Right to withdraw consent at any time (which may affect your ability to receive Orders)
- Right to nominate a representative to exercise these rights on your behalf
- Right to file a grievance with our Grievance Officer (Section 11)

To exercise any of these rights, write to privacy@bogie.in. We aim to respond within 7 working days.

9. Children's Privacy

The Driver App is intended only for users who are 18 years of age or older, consistent with the Driver Partner Terms and Conditions. We do not knowingly collect personal data from minors.

10. Changes to this Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or Applicable Law. Material changes will be notified through the Driver App. Your continued use of the Driver App after an update constitutes acceptance of the revised Policy.

11. Grievance Officer and Contact

- Grievance Officer: Anjali Aggarwal, Data Protection Officer
- Company: Aggarwal Publicity and Marketing Pvt. Ltd.
- Address: New Delhi, Delhi – 110001, India
